CAREER OBJECTIVE

Software Developer with hands-on experience in full-stack development, specializing in Golang back-end and Vue.js front-end. Experienced in building and integrating Restful API s, working with SQL databases, and developing saleable and efficient applications. Passionate about writing clean code, solving problems, and continuous learning. Seeking growth-oriented software development opportunities .

TECHNICAL SKILLS

- **Frontend** : HTML , CSS , JavaScript
- **Backend** : Golang, Python
- **Database** : SQL, MySql, Postgres
- **Tools** : Git, GitHub, VS Code, Postman

WORK EXPERIENCE

Software Developer - Flattrade Broking Pvt.Ltd

Apr 2025 - Present

- Working as a Full Stack Developer using Golang and Vue.js.
- Developing and integrating Restful API s.
- Handling database design and SQL queries.
- Building responsive user interfaces.
- Developing saleable web applications with a focus on performance and security.

PROJECTS

1. External Api Response Tracker

Technology used : Vue.js 2, Golang, Rest API's, PostgreSQL

- Designed and developed an API response tracking dashboard to monitor external service integration's.
- Implemented back-end API logging services using Go to record request and response data
- Built a live monitoring UI using Vue.js 2 for tracking API success, failures, and response times.
- Integrated external API s and implemented error handling and retry mechanisms to improve system reliability
- Stored API logs and monitoring data using PostgreSQL for audit and analysis purposes
- Helped the operations team quickly identify API downtime or delayed responses.

Education

BE - Electronics and Communication Engineering

M.Kumarasamy College of Enigeering - Karur

2019 - 2023

Higher secondary school

Nehru Higher Secondary School - Puthanampatti

2018 - 2019

Certification

- Python full stack development - Q Spider institute
